

## **PARC Engineers League Intellectual Property Agreement**

This agreement is made between the participating team ("Team") and the Pan-African Robotics Competition ("PARC"). By signing this agreement, the Team acknowledges and agrees to the following terms regarding intellectual property (IP) rights and the use of their submitted work.

### **1. Intellectual Property Ownership**

The Team retains full ownership of all intellectual property ("IP") developed and submitted as part of their participation in the PARC Engineers League Challenge.

### **2. Rights Granted to PARC**

By signing this agreement, the Team grants PARC a non-exclusive, worldwide, royalty-free license to:

- Showcase, publish, and distribute any materials submitted by the Team, including but not limited to concept papers, reports, presentations, and models.
- Reproduce, display, and share the Team's work for promotional, educational, and archival purposes.
- Use the Team's name, likeness, and project details in marketing and outreach efforts related to PARC.

### **3. Acknowledgment and Attribution**

PARC will provide appropriate credit to the Team when showcasing or reproducing their work.

### **4. No Financial Compensation**

The Team acknowledges that they will not receive financial compensation from PARC for the use of their submitted work.

### **5. Submission Requirement**

This agreement must be signed and submitted to PARC for the Team to qualify for the competition. Failure to submit a signed copy will result in disqualification from the competition.

### **6. Governing Law**

This agreement shall be governed and interpreted in accordance with the applicable laws of the jurisdiction in which PARC operates.

By signing below, the Team acknowledges that they have read, understood, and agreed to the terms outlined in this agreement.
